Scientific career

March 2023 - present

Researcher in medical ethics, Institute of Humanities in Medicine and UNIL Faculty of Medicine, Lausanne, Switzerland

- **Responsible for project**, « Restitution de résultats de recherche en génomique » (7.2023 -8.2024). Financing: Commission de la recherche Faculté de biologie et médecine (UNIL-CHUV), 39.000 CHF
- **Co-lead** on working group 6 of the EU Cost Interceptor project on ethics in orally potentially malignant disorders (OPMD)
- Teaching **medical ethics** and **research ethics** at UNIL, CHUV and Unisanté
- Drafting **research proposals** (SNSF, ERANET, ECAME, etc.) in coordination with **international partners** (Germany, France, Netherlands, UK, etc.)
- **Organization of workshops/seminars on ethics for the Institute** (CIVIS workshop with Tübingen University and Aix-Marseille University on opacity and artificial intelligence; narrative ethics workshop, methodologies of clinical ethics workshops, workshop on discrimination of healthcare workers, etc).

Sept 2021 - Nov 2023

Postdoctoral researcher

Centre Léon Bérard, Human and Social Sciences Department

Lyon, France

- **Lead researcher on IMCOCA project (Impact Covid Cancer):** aimed to capture the effects of the COVID crisis on cancer management in a cancer centre at the Hospices civils (HCL) de Lyon, and in French-speaking countries. The data collected will be used in a training course at the WHO Academy entitled "Management of an infrastructure for medical research." This project is funded by the Metropole de Lyon and works in partnership with the translational research team at the Centre Léon Berard and the WHO/IRCC (International Agency for Research on Cancer).
- Member of the Centre Léon Bérard's **ethical reflection group** (meeting organiser) and of the **medico-technical committee** (ethical expertise on biological research projects)
- Member of the **SHS department** (interdisciplinary department in psychology, sociology, geography, history, etc.).

Oct 2020 - February 2023

Postdoctoral Researcher

Healthcare Values Chair, Lyon III University

Lyon, France

- **Project leader (PI) "The place for speech in interdisciplinary meetings" (March 2020 - February 2023):** aims to better understand speech among caregivers in end-of-life care in interdisciplinary meetings organized at the Centre Léon Bérard, with an analysis based on the philosophical concept of epistemic injustice. In collaboration with my colleague Claire Harpet, we carried out ethnography during the first lock-down.
- **Researcher on project "Actors of social and medical-social structures during the COVID-19 crisis"** (March 2021- April 2023): this project analyzed the experiences and practices of professionals from social and medico-social structures who kept diaries during the first lockdown in France. I analyzed the epistemological, ethical and political issues at stake in the status of the confinement-deconfinement diary, linking it to the language of social work professionals. An article was published in 2022 in the journal *Ethics and Social Welfare*.
- **Organization of seminars** on the values of health research methods (2020-2022): <https://chairevaleursdusoin.univ-lyon3.fr/ateliers-les-valeurs-des-methodes-de-recherche-en-sante>
- Drafting research proposals (European Union, CLARA, KZS Switzerland, Brocher Foundation, etc.) in coordination with **international partners** (Switzerland, Lithuania, Ukraine, etc.).
- **Participation in EU Cost project "person-centered care";** lead on coordination of a chapter in a collective work to be published by Springer in 2022.
- Help with the Chair's **administrative responsibilities, including** administration of the **Chair's website** and **social networks**

- **Responsible for the ethics module** in the M2 Culture and Health program at Université Lyon III

Oct 2019 - Aug 2021 **Temporary teaching and research associate (ATER)**, Section 72
